CONSUMPTION & LIVER COMPLAINT.

As a general remeily for these diseases, I am

fully satisfied from long experience, there is no medicine equal to Dr. Taylor's Balsom of Liver wort. Being purely vegetable, it can be used with the utmost safety by all persons in every condition. It alegaces the hungs by expressions, relieves difficult breathing, and heals the chest. There can be po question, but this medicine is a certain cure consists of a discharge of blood, often brothy, from the mouth, brought up with walking and coughing, and is usually accompanied with difficulty of breathing, and some pain in the chest. Sometimes a is preceded by an appression at the chest, a dry tickling cough and slight shooting pains. This disease is always more or less dangerous. The great danger is that these symptoms may terminate in consumption, and immediate remedies can alone save this end. ...But Dr. Taylor's Balsom of Liverwort is a sure remedy, and to show its unparallelled success, certificates of cures from 421 ciuzens, and many physicians, will be published in a few

We daily see the most de termined courage, cornect zeal, and unyielding iceling the questions about offices, always perarieffig und and somitemes bas greatly of policy these all seemed merged in the great cause The determination is that blow high or how, the great victory of 1840 shall not be given up to Locofocoism', that the great meas ures of relief shall be carried through, that the high hopes of the patriots of our land shall not be blasted, and that the tory doctrines of arbitrary power shall not be lastened upon us - -

This is the right feeling and should be cher ished by every true Democratic whig throughout the land. Throw doubt and despondency a the winds ... The flag of freedom floats over us and ennot, must not be lowered. The whigs have the power to maintain it, and should keep shoulder to shoulder, with a firm reliance on Providence and their own strength to crown their labors with success. last week the Democrat contained certain broad precitions relative to the management of the land office. We examined these assertions and stated the facts in relation to them. Our opponents are acting under the impression that there is nothing better for them to do than to hong just they shall elect Gov Fairfield in September Now if they felt pretty confident of a decent prospect to do so, they would not be very likely to boast much before hand. for this would abate the efforts of their friends and quicken those of the Whigs But in the hope of catching voters the cry has gone forth that John Fairfield will be elected our next no wavering, no doubt, no fear.
